Hey all !

Surprise! It's us again.

We just wanted to let you know that we have an upcoming event that you might want to put on your calendar.

We'll start at 10:00 am. There's so much that we want to show you and we've been sewing up a storm! We've got new models for spring runners, wall quilts, a couple of demos for some really great rulers, a mini Trunk Show from Karla Alexander (of the Stack the Deck fame!), free stuff for you to take home and lots more! We'll have everything available all day long, so if you can't make it in the morning, just feel free to stop in when you can and we'll give you the tour!

We'll also be premiering our new collection of precuts!
And to get everyone in the mood to sit down and sew ...

**Material Rewards is declaring April 21st - May 19th
Charming Month!**

We're really enjoying precuts (never was a fan - until we used them!!!) so we whipped up a whole new batch of colors/themes. We've also gotten tons of new patterns and books with ideas on what to do with them. Cutting is sometimes a stumbling block (or just not our favorite part) of quilting and it is so much fun to be able to open a package and start stitching pieces together. You can take a peek at our [PRECUTS page](#) to see our new selection (and click on the IDEAS button for more inspiration!).

To get you introduced or re-introduced to the idea of precuts,

from April 21st - May 19th

We also have new themes for Layer Cakes (10" squares)
and Jelly Rolls (2-1/2" strips)

We're also having a
BUY 1, get 1 FREE special on **selected** Jelly Rolls

We also have an update about the Kim Diehl classes ... No one could be more surprised with the response that we got with Kim's visit later this summer. All her classes are full and the Dessert Party is going to be a roaring good time!

After chatting with Kim, we decided that we'd have her stay another day, so we'll be offering a class on Monday as well. We'll be repeating her [Four Patch Potpourri class](#) on Monday, September 24th.
