Hi all!

As always, it's been too long since we've gotten caught up. Our excuse is that we've been doing so much stitching that we've let a few other things slide! So let's catch up ...

First of all, our classes focusing on hand stitching went over very well. We think everyone needs something calming and soothing to occupy what little free time we have. Also you can do it while the family is clustered around the TV and you're bored. We fully intended to take lots of pictures and, of course, forgot! You'll just have to stop in and see the **new patterns and supplies**. We've really expanded our wool and stitchery collection.

This weekend, **Saturday April 20**, we will be hosting a get together to wrap up our first group of **Prairie Women Sewing Circle**. Our intrepid travelers will be bringing samples of what they have been sewing on in the Conestoga wagon on their way across the country. You are all invited to join us to see the results.

Journey 2 will be starting at the beginning of May. You can join the Pioneer ladies on Journey 2 if you'd like. The trips are not dependent on each other. For those who can't join us, we will try to remember to take pictures!

We know this is last minute, but we have had a few cancellations for our **Spring Retreat (April 26-28)**. It is held at LeTourneau Conference Center on the shores of Canandaigua Lake. If you have any desire to join us, or need more info, let us know and we can fill you in. It's a great weekend for relaxation and rejuvenation. You can do whatever you like the entire weekend; we're hoping the weather cooperates and we can spend some time in the rockers on the porch stitching!

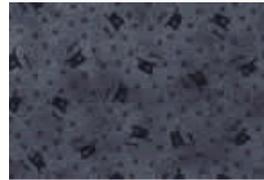

Just in case you were worried that we had abandoned our sewing machine, don't fret!! We've also been sewing up a storm of new kits and projects. Check out the [Kits](#) and [Latest Additions](#) pages for a sample of what we've been doing.
