Hey all,

Summer seems to be flying by at a great rate and it is fun to see customers coming in the shop and looking for "fall" colors or pumpkin projects. We actually had one lady wish for snow! - I think that was due to the heat, tho!

We wanted to remind you of an upcoming event **AN EVENING WITH KIM DIEHL AND HER QUILTS!** **September 21st** at St. Paul's Lutheran Church (where we normally hold our evening events) and the doors will open at 6:00 pm. Even though the classes are full, you can still have a chance to see what Kim has been up to in the last couple of years.

You can either **REGISTER ONLINE** or call the shop (585-335-2050) to do so. We do need to know ahead of time so we have plenty of desserts for everyone.

*Kim will be signing her new book - Homestyle Quilts and have lots of new quilts from Simple Charms (out in May) and Homestyle Quilts.*

## Introducing TWO New Block of the Month Projects!!

**BY THY HANDS** - is a 12 month program that combines a touch of wool appliqué with a great quilt block. To us, this is the best of both worlds! Each month you will get all the fabrics - both wool and cotton to complete the project. We have also put together a thread kit which will have most of the basic colors that you will need to complete your projects. For all the particulars, visit the **Block of the Month** page. You can either call or email us to register and also feel free to stop in and see all the samples!

The other new project that we are starting is the **CALENDAR PARADE**. This is a series of 12 month mini projects. Each small quilt is themed for that month and fits in the desktop wire frame (which is included in the fee). Also included with your kit is a header to go on the top of the frame that goes with the small quilt - i.e. the flip flops have a header that has flip flops on it! It was so much fun finding a header to work with each of the quilts. Again, if you would like more information for this project, visit the **Block of the Month** page on our website.

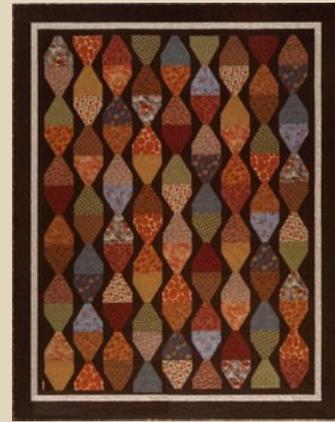

This Spring, we had a trunk show from Heartspun Quilts that was part of her **Prairie Women's Sewing Circle** - a program that we were going to start at the shop. We wanted to do a very different program and it has taken us a while to get our ducks in a row and you have all been very patient with us.

We just wanted to update you and let you know that we should be ready to go very soon. We'll pop you off another email when all the information is on the website. We feel like we're prairie women ourselves - going out into uncharted territories for us!!! We hope that you'll be as excited with the results as we are.

***So stay tuned.....***

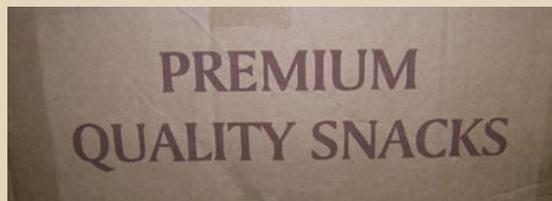

We took a small sabbatical from our **Git R Done** workshops this summer - life was really quite crazy for a while! ... but we've had requests to get them up and running again. If you've never attended a Git R Done workshop, we feature a do-able quilt with all cutting done for you. When you come in, you'll have a precut kit that you have either chosen a main fabric for, or just given us an idea - fall, Kansas Troubles or a specific fabric. If there is any cross-cutting to be done, we do that for you also and you just have the pleasure of sewing and gabbing the night away! The quilt is offered in 2 sizes (Twin and Queen) so if you have a need for a Christmas present for someone, this is a great way to Git R Done!!! You can visit the ***Git R Done*** page to see the quilts and the dates that we have set up.

One last thing ... we've been doing some cleaning out at the shop (is it Spring?) so have the back room set up with lots of items on sale. So instead of Filene's Basement, come and visit Material Rewards Back Room!!! We'll have fat quarters for \$1.50, half-priced books and patterns, reduced kits, ends of bolts and other odds and ends greatly reduced. The **Back Room Sale** will start **August 28th** and go til it's gone, gone, gone!!!

*See you soon,

We lied - there's ONE more thing!! We've been adding to our wool inventory and had to share this funny story with you. We had ordered some luscious wools from a local (Rebecca Erb in PA) and then kind of forgot that they were coming. One Monday, we were away from the shop, so the UPS guy leaves the shipments in my car. I went out to see what was there and there was a large box with the following on it ...

Now who in their right mind wouldn't get excited about that!!! So we cracked open the box and found this ...

I guess it wasn't false advertising, 'cause these wools are yummy!! Wool seems to be making a comeback - yeah! So you will be seeing lots more at Material Rewards. Stop in and see what's arrived.

If you are having to get our emails from a friend, that means that we don't have your email address or your correct email. Please send us a note and we will update our mailing list. You might want to check your spam filter to make sure that we aren't on your "blocked" list.
