**Cost \$20.00**

We have 4 fun techniques that we want to share with you and have come up with projects for you to work on. Spend a couple of hours learning English Paper Piecing, wool appliqué, embroidery and Double Stitch Quilting. All you will need to bring with you is a pair of scissors. We'll have a kit for you for each of the projects with everything else that you will need. We'll be doing 2 sessions - morning and afternoon, so you won't have to commit to a whole day. Both sessions will be teaching the techniques.

To add to the enticement, we're also getting **trunk shows** from some of our wool, stitchery and other hand work vendors. They are sending us some great samples to encourage you to try these beautiful arts. Sometimes we're in such a rush to get a project done that we lose the connection between hand, fabric and needle.
