Dansville, NY 14437

Hey all,

We decided that if we didn't send out an email shortly, you'd all forget who we are!! We have lists all over the shop of "things to do", "items for email" ... We're really good about making lists, less successful about actually getting them done!! Maybe some of you can sympathize!

So one of the first priority items on the list is letting you know that our *Guest Teacher* for this summer is *Lynne Hagmeier* - Ms. Kansas Troubles herself!! She was here a couple of years ago and we had a blast! She continues to use her "layered patchwork" technique to get really unique designs. She'll be here for 3 days of workshops and also will be doing our customary Friday evening program. Here's what she'll be teaching (go to the [Guest Teachers page](#) for more in-depth details).

FRIDAY, AUGUST 2
Pheasant Feathers

FRIDAY NITE
Lecture & Dessert Party

SATURDAY, AUGUST 3
Icicle Stars

SUNDAY, AUGUST 4
Home Dec Day!

We're taking registrations now. This is a great opportunity to set some time aside for yourself, learn a great technique and have a fun time with a phenomenal instructor. Ink us into your calendar and give us a call to register.

As some of you may have seen if you've been in, the *Christmas fabric* is starting to pile in! It seems that we haven't even had our "summer" yet and to think about Christmas now is ... just plain weird! I think that a customer summed it up nicely when she was in with her husband in tow ... He asked why she would even think about getting Christmas fabrics now and her reply was "If I want to get it done by Christmas, I have to start now!" Well said!!! So anyways, we're putting together some events that will get you in the mood (we'll turn up the air conditioning so you can feel the chill :)! Look for coming emails for the dates and details.

We hope that you'll join us while Lynne is here. She is an extraordinary teacher and her lectures are hilarious! Her classes are fun, instructional and very low key. This is a truly stress-free day. Give us a call!!!!
