Hey all,

We thought that we would drop you a line to let you know of some upcoming changes in our Fall schedule ...

We normally have our Fall Open House Columbus Day weekend. We're changing it this year to the following weekend, so ...

OPEN HOUSE & SALE

Friday & Saturday, October 17 & 18

25% off storewide

**Friday, 9:30 am-5:30 pm
Saturday, 9:30 am-5:00 pm**

This is the time to really get geared up for the holidays! We can enjoy the crisp fall weather and a little slower pace on life (hopefully!) and think towards what needs to be done for Christmas. Open House is not only a great opportunity for savings, but we always have kits ready to go, time-saver projects, gift ideas and if all else fails - items already finished and ready to go (those aren't on sale 😊).

So please mark your calendars with the new dates and stop in for some refreshments and a fun time!

We've added several [new fall and holiday kits](#) to the website, so stop and take a look at those. There are some really nice [runners](#) we are featuring and you know how handy those come in at this time of the year.

We'll also be adding wool kits to the website in the next couple of weeks. It seems like our wool "corner" is expanding regularly! We have some beautiful hand-dyed wool pieces (both tonal and textures) that are done by a local (Pennsylvania) artist and lots of textured wools for the primitive woolies. The kits are the newest addition. We're packaging them ourselves to keep the price reasonable. We also have the Valdani variegated perle cottons for stitching. If you haven't used them, try 1 spool and tell us you don't love them! If you haven't tried wool appliqué, we're also putting together a little tutorial that we can email you to get a head start.

As usual, we get our daily delivery from UPS and some wonderful fabric lines have arrived. [Take a peek at Castlewood from Jan Patek of Moda fabrics](#) (we are in the middle of a topper kit from this line and it showcases these fall fabrics so well. It's called Medallion Star, so keep an eye out for that shortly.

There is another beautiful line from Red Rooster from a new designer - Gail Pan from Australia. We actually had the pleasure of meeting Gail when she was traveling from Niagara Falls to Pittsburg for Quilt Market this past spring. She is absolutely charming and you gotta love the accent! She also has a new book from Martingale called Patchwork Loves Embroidery. Anyways, she has very cute stuff and we have a project in the works for that one also. Stay tuned for the [Baskets in Bloom project](#) ...

(Gail's the one in the middle)

So don't forget the change in date for the Open House. We'll send out another quick email in a couple of weeks just as a final reminder. We would hate to have you show up on the wrong day!

**See you then.
