

## CHOCOLATE CHIP CHEESECAKE SQUARES

(2) 18 oz tubes of refrigerated chocolate chip cookie dough.

*I also have just made up a batch of my favorite chocolate chip cookies for this ...whatever you have time and ingredients for.*

Press 1 tube of cookie dough into the bottom of a 9 x 13 pan that has been sprayed with non-stick vegetable spray.

Combine:  
9 oz cream cheese,  
softened with 3 eggs  
1 t vanilla

Beat until smooth. Pour over cookie dough; crumble remaining cookie dough (2<sup>nd</sup> tube) over the top. Bake at 350° for 30 minutes. Chill before serving.
