Pillowcase Pattern

What You Will Need: (all strips are the width of the fabric)

9" strip for cuff

2" strip for accent strip

27" (3/4 yd) strip for body of the pillowcase

Construction: We found that if you do this pattern - step by step, and don't try to read ahead, you'll be much more successful.

1. Press the 2" accent strip in half, lengthwise, right side facing out. Strip is now 1" wide.
2. Place the cuff strip right side up on the table.
3. Place the body right side up on top of the cuff. Match the upper raw edges flush with each other.
4. Place the accent band on top of the body (again, flush at upper raw edges). Pin to secure layers.
5. Roll the body toward the upper edge stopping a few inches from the raw edges.
6. Bring the cuff up and over the rolled body. Line up the raw edges and re-pin to secure.
7. Sew along the upper raw edges using a 1/4" seam allowance.
8. Pull the body out of the tube formed in Step 7. Press the cuff away from the accent band.
9. Fold the pillowcase in half (right sides out) bringing the raw edges together. You will need to trim the side so that all edges are even.
10. Sew down the raw edges in an L shape using a 1/8" to scant 1/4" seam allowance.
11. Turn the pillowcase wrong side out. Press the edges pushing the seam allowances to the edge. Sew the same L shape sewn in Step 10, but this time, use a 3/8" seam allowance.
12. Turn right side out. Press and enjoy!
